6 of 6 review helpful Textbook By Customer I had to buy this book for a college anthropology class I actually ended up liking it For a textbook it s pretty nice Definitions of key terms on the sides of pages and the sections are broken into archaeological sites or key concepts not just a timeline Good fit for my World Prehistory class 0 of 0 review helpful FANTASTIC DEAL This well illustrated full color site by site survey of prehistory captures the popular

interest excitement and visual splendor of archaeology as it provides insight into the research interpretations and theoretical themes in the field The new edition maintains the authors innovative solutions to two central problems of the course first the text continues to focus on about 80 sites giving students less encyclopedic detail but essential coverage of the discover
