**By Barry Cunliffe : The Ancient Celts** the ancient celts were various population groups living in several parts of europe north of the mediterranean region from the late bronze age onwards given the name celt by ancient writers these tribes often migrated and so eventually occupied territories from portugal to turkey info on the ancient celts the greeks encountered the celts around the sixth century bc and called them kelttoi when julius caesar encountered the gauls is The Ancient Celts:

8 of 8 review helpful The best book in its class By Christopher R Travers I was greatly impressed by this book The

author offers a reasonably detailed overview of archaeology associated with Celtic cultures While some conclusions seem problematic and while one should not see a single author work as authoritative this is an extremely good book The author here addresses not only contexts of Celtic archaeology For two and a half thousand years the Celts have continued to fascinate those who have come into contact with them yet their origins have remained a mystery and even today are the subject of heated debate among historians and archaeologists In this erudite and profusely illustrated history Barry Cunliffe explores the archaeological reality of these bold warriors and skilled craftsmen of barbarian Europe who inspired fear in the Greeks and Romans Tracing the em com Each generation the British scholar Jacquetta Hawkes has observed chooses the archaeology that best suits its current ideology For a century beginning in the late 1800s archaeologists depicted the Celts as an inordinately brave and poetic tribal peopl
