By Colin McEvedy : The New Penguin Atlas of Ancient History: Revised Edition bibme free bibliography and citation maker mla apa chicago harvard ancient rome was originally an italic settlement dating from the 8th century bc that grew into the city of rome and which subsequently gave its name to the empire The New Penguin Atlas of Ancient History: Revised Edition:

24 of 24 review helpful Stunning scope By Richard Gollin I just love the way everyone criticises this book and still gives it 5 stars Yes the maps do not even show the major rivers which were often the tribal frontiers and yes many important early sites are not shown on the map at all so you can not use the atlas to plan your vacation I note that knowledgeable historians nit pick the accuracy from time to time The Penguin Atlas of Ancient History illustrates in a chronological series of maps the evolution and flux of races in Europe the Mediterranean area and the Near East From 50 000 B C to the fourth century A D it is one of the most successful of the bestselling historical atlas series About the Author Colin McEvedy is the author of The Penguin Atlas of Ancient History The New Penguin Atlas of Medieval History The Penguin Atlas of Recent History Europe Since 1815 and The Penguin Atlas of North American History He lives in London W6
