Recovering the Lost History of Our Ancestors:

0 of 0 review helpful Valuable journalistic panorama of palaeoanthropology By Alan U Kennington This book by Nicholas Wade is a journalist s presentation of developments in palaeoanthropology up to about 2006 The first half up to page 158 is full of intriguing insights and information Then suddenly it goes into reverse The second half of the book is relatively weak culminating in a very weak Chapter 12 There are s Nicholas Wade rsquo s articles are a major reason why the science section has become the most popular nationwide in the New York Times In his groundbreaking Before the Dawn Wade reveals humanity rsquo s origins as never before mdash a journey made possible only recently by genetic science whose incredible findings have answered such questions as What was the first human language like How large were the first societies and how warlike were they When From Publishers Weekly Scientists are using DNA analysis to understand our prehistory the evolution of humans their relation to the Neanderthals who populated Europe and the Near East and Homo erectus who roamed the steppes of Asia Most importantly
