**By Nancy Parrott Hickerson : Linguistic Anthropology (Second Edition)** language acquisition; second language acquisition; language assessment; language development; language education; linguistic anthropology learn about the departments at loyola university chicago Linguistic Anthropology (Second Edition):

1 of 1 review helpful substantial but not overwhelming By EdAnthro I don t really agree with either of the other reviews I find this to be a good introduction to linguistic anthropology not too high level certainly not as dense as similar books by Duranti or others It s short enough that I can use it in a survey course and still have room for some articles and perhaps an ethnography It covers all the major areas wit Intended for courses in Linguistics This long awaited revision of a best selling classic text in the area of linguistic anthropology provides authoritative coverage of the origin of language and languages the descriptive study of language language acquisition and the impact of variables such as history culture gender and ethnicity on language
