2 of 4 review helpful forced upon you not good By R C forced us to get this crappy book 1 of 4 review helpful
Terribly written By Customer Olszewski s writing is absolutely terrible The sentences are unnecessarily long and convoluted and there are many grammar mistakes I had to read sentences several times in order to understand what the writer was trying to say This student friendly textbook introduces the archaeological past from approximately seven million years ago through later politically complex societies Archaeology and Humanity s Story A Brief Introduction

to World Prehistory does not attempt to discuss every archaeologically important site and development in prehistory and early history Rather it presents key issues from earlier prehistory and then organizes the chapters on politically complex societies us This is a thorough engaging and compellingly illustrated treatment of the human experience as it has played out in material culture around the world The organization is excellent and the content is covered adequately but not in too much detail I will ad
