0 of 1 review helpful This book was exactly as described More importantly By William Belcher This book was exactly as described More importantly it was the actual publication and not a pirated photocopy as my original purchase of this item from another vendor Thank you for supporting the publishing industry by not selling pirated books 0 of 1

review helpful Excellent service and p Significantly revised and expanded the second edition of this popular book provides a short readable introduction to historical archaeology Stressing a global perspective it shows that this subject has real importance to understanding the world in which we live today This comprehensive book also includes a look at career prospects in the field for interested readers The overall approach is descriptive and explanatory it describes fundamental Excerpt copy Reprinted by permission All rights reserved Archaeology is an odd discipline Most people have heard of it and think they know what it is but the same people actually know very little about it Archaeology is perhaps the most famous and yet
