By Michael Lempert, Michael Silverstein : Creatures of Politics: Media, Message, and the American Presidency
meet the horde of neo nazis klansmen and other extremist leaders endorsing donald trump the republican nominee for president has not disavowed any of them some of the nations leading journalists gathered in key west fla in december

2007 for the pew forums biannual faith angle conference on religion politics Creatures of Politics: Media, Message, and the American Presidency:

2 of 3 review helpful A book which will not find appeal outside specialists By 09allthetime While the first half of the book contains a few high points the convoluted style and overly academic diction limit the audience of this book to specialists in political communication The authors do well to delve into the ancient foundational history of Western political communication In the beginning of the text reader It rsquo s a common complaint that a presidential candidate s style matters more than substance and that the issues have been eclipsed by mass media fueled obsession with a candidate rsquo s every slip gaffe and peccadillo This book explores political communication in American presidential politics focusing on what political insiders call message Message Michael Lempert and Michael Silverstein argue is not simply an individual rsquo s positions on the issues Very few scholars can match the authors detailed analysis of political and media discourse The authors illuminate the subtle multimodal and intertextual mechanisms by which messages are constructed Those who read their work will learn much about th
