**By Sharon R. Kaufman : The Ageless Self: Sources of Meaning in Late Life (Life Course Studies)** contemporary theories of adult development link meaningful life engagement to a sense of well being through self systems which actively structure and interpret mar 01 1995nbsp;in gerontology the most recognized and elaborate discourse about sampling is generally thought to be in quantitative research associated with survey The Ageless Self: Sources of

Meaning in Late Life (Life Course Studies):

5 of 5 review helpful Finally something scholarly and thoughtful By eileen I read and savored this well researched book because it depicted an insight into senior s actual daily lives and the thoughts and planning accompanying their life styles I appreciated Kaufman s focus on individual life themes and how a person s younger yearstranslate into self identity and meaning in the senior years The prospect Among the many studies of aging and the aged there is comparatively little material in which the aged speak for themselves In this compelling study Sharon Kaufman encourages just such expression recording and presenting the voices of a number of old Americans Her informants tell their life stories and relate their most personal feelings about becoming old Each story is unique and yet presented together they inevitable weave a clear pattern one tha From Library Journal Despite the interest in the aging process in recent years few researchers have asked the elderly themselves what it is like to grow old Anthropologist Kaufman interviewed 60 Californians aged 60 to 90 about significant events in their pa
