Sutton : Introduction to Native North America** "an introduction to native north america" provides a basic introduction to the native peoples of north america including both eskimos and indians; beginning with a nov 16 1999; an introduction to native north america has 63 ratings and 6 reviews holly said broad well defined overview of different native american cultures det Introduction to Native North America:

0 of 0 review helpful Five Stars By maria wonderful got in time 1 of 1 review helpful Anthropology text By Gedrow Does a fairly decent job of covering the basics with the exception of religion and religious practice 1 of 1 review helpful Five Stars By Alvena Stanfield Terrific overview of present day indigenous p An Introduction to Native North

America provides a basic introduction to the native peoples of North America including both the United States and Canada. It covers the history of research, basic prehistory, the European invasion, and the impact of Europeans on Native cultures. Additionally, much of the book is written from the perspective of the ethnographic present, and the various cultures are described as they were at the specific times noted in the text. About the Author: Mark Q. Sutton began his career in anthropology in 1968. While still in high school, he took advantage of the opportunity to participate in archaeological excavations conducted by the local Community College. He went on to
