0 of 0 review helpful Applied Anthropology By Jessica L Gumpher While I found some of the text informative there

were also times when the subject matter just seemed to run on with no actual point or lesson Overall it being a text book it was very interesting and worked very well with my course study 0 of 0 review helpful Besides that it s a great book By Allison Hebel The most up to date and accessible text on the subject Applied Anthropology provides the skills perspectives and methodologies needed when working in today s communities and organizations An invaluable resource this practical book answers the question ldquo What can I do with a degree in Anthropology rdquo In addition to a focus on method this book provides a solid foundation in the history activities and ethical concerns of applied anthropol From the Inside Flap Preface Anthropology cannot be treated in a cookbook step by step fashion It challenges people to exercise enormous flexibility analytical capacity and subtlety of thought abilities that are especially important when sorting out
