Zoologist's Study of the Human Animal:

1 of 1 review helpful Cities and Zoos By Rod Matthews In this book Desmond Morris continues his look at humans from a zoologist's point of view This time he looks at how the naked ape responds to the complex situation they have developed for themselves civilisation From tribes to super tribes bringing with it the issue of status to super status Desmond Morris builds a compelling position about how we are constantly This work has become a benchmark of popular anthropology and psychology Zoologist Desmond Morris considers humans as being simply another animal species in this classic book first published in 1967 Here is the Naked Ape at his most primal in love at work at war Meet man as he really is relative to the apes stripped of his veneer as we see him courting making love sleeping socializing grooming playing nbsp The Naked Ape nbsp takes its place alone From the Publisher A startling view of man stripped of the facade we try so hard to hide behind In view of man's awesome creativity and resourcefulness we may be inclined to regard him as descended from the angels yet in his brilliant study Desmond M
