0 of 0 review helpful Boring and Professorial Bad Layout for Kindle Readers By Nina A Schwartz This book has wonderful photos but the writing is the most boring and professorial that you ll ever see outside of a classroom Is the

author trying to BORE people away from entering the field Old and new techniques of discovery and analysis are competently described and beautifully illustrated but I don't think anyone interested The concise version of the bestselling introduction to archaeology updated and in full color Archaeology Essentials already the most authoritative and accessible introduction on the market has been updated with new discoveries new technological innovations revised pedagogical features and improved illustrations Written for today's students Archaeology Essentials is rigorous without being over technical and thorough "If I had to recommend the best introductory textbook in general archaeology for undergraduate students who read English this would be it but if one wants aspects relating the ancient Near East and Biblical cultures one will have to supplement
