Violence in Neoliberal Chile:

8 of 8 review helpful Moving apparently accurate picture By Andrew Cooke First a disclaimer I am not an anthropologist I am an English software engineer living in Chile trying to learn a little more about the people I live with About half the book describes the lives of people largely women living in a poblacion a poor area of Santiago This is interspersed with background information and what I as Chile is widely known as the first experiment in neoliberalism in Latin America carried out and made possible through state violence Since the beginning of the transition in 1990 the state has pursued a national project of reconciliation construed as debts owed to the population The state owed a social debt rdquo to the poor accrued through inequalities generated by economic liberalization while society owed a moral debt rdquo to the victims of human ri ldquo Thought provoking engaging insightful thoroughly researched and theoretically nuanced rdquo
