Becomes Us:

2 of 2 review helpful Get Ready to Think By Sue Porter This is an important book but not an easy one It is part memoir part investigative journalism part cultural critique of the cancer phenomenon It is probing fiercely intelligent and provocative throughout and Jain requires and expects a lot from her readers For those looking for a feel good love yourself hate the cancer type of narrative this isn't it Thi Nearly half of all Americans will be diagnosed with an invasive cancer mdash an all too ordinary aspect of daily life Through a powerful combination of cultural analysis and memoir this stunningly original book explores why cancer remains so confounding despite the billions of dollars spent in the search for a cure Amidst furious debates over its causes and treatments scientists generate reams of data mdash information that ultimately obscures as much as it c Brilliant
