s After Kinship (New Departures in Anthropology):

What is the impact on anthropology of recent studies of reproductive technologies gender and the social construction of science in the West What is the significance of public anxiety about the family to anthropology s analytic approach Janet Carsten presents an original view of the past present and future of kinship in anthropology which will be of interest to anthropologists as well as to other social scientists In this creative book Janet Carsten unsettles and reorients our traditional ideas about kinship Through her deep understanding of kinship theory and comparative eye we see kinship as it is made in shared experience and interwoven with concepts of the hous
