From Brand: Cambridge University Press : Questioning Collapse: Human Resilience, Ecological Vulnerability, and the Aftermath of Empire

Questioning Collapse: Human Resilience, Ecological Vulnerability, and the Aftermath of Empire:

1 of 1 review helpful Quite overly critical What a shame By advictorian Interesting to a point Wish these authors had attacked Mr Diamond s work less and educated more 81 of 95 review helpful Missed the point By Big Jon The authors of this book are responding to Diamond s popular book Collapse They seem be quibbling about minor details while missing the entire Questioning Collapse challenges those scholars and popular writers who advance the thesis that societies past and present collapse because of behavior that destroyed their environments or because of overpopulation In a series of highly accessible and closely argued essays a team of internationally recognized scholars bring history and context to bear in their radically different analyses of iconic events such as the deforestation of Easter Island the cessation of This is a truly impressive book of scholarship but also an important book politically It deals with a public debate how susceptible are societies including our own to collapse A fully global set of in depth studies demonstrates convincingly the remark
