of the the myth of race the troubling persistence of an unscientific idea by robert wald sussman at barnes and noble free shipping on 25 the myth of race the troubling and persistence of an unscientific idea by robert wald sussman cambridge harvard university press 2014 374 pp 3500 The Myth of Race: The Troubling Persistence of an Unscientific Idea:

7 of 8 review helpful Exceptionally good By Lisa Nel Well researched He explains the origins of misunderstood terms like eugenics and polygenic theories Reads easily and yet full of good scientific research Highly recommended especially for those who ve been inculcated by the popular media to believe in the evolutionary origins of race 1 of 3 review helpful Five Stars By Although eugenics is now widely discredited some groups and individuals claim a new scientific basis for old racist assumptions Pondering the continuing influence of racist research and thought despite all evidence to the contrary Robert Sussman explains why when it comes to race too many people still mistake bigotry for science Not only is this book a significant contribution to the view of race and racism in traditional Isquo four field rsquo anthropology in the U S but it is also important to the understanding of global notions of contemporary racism hellip
