By Neil Asher Silberman, Israel Finkelstein : The Bible Unearthed: Archaeology's New Vision of Ancient Israel and the Origin of Its Sacred Texts The Bible Unearthed: Archaeology's New Vision of Ancient Israel and the Origin of Its Sacred Texts:

8 of 8 review helpful Kindle version is poor By Mike Blyth There are already plenty of reviews about the book s content so I will just comment on the Kindle format it s really bad As someone who has been involved in book production I simply can t understand how publishers let this happen If a high school student turned in this as an assignment I would probably give him or her a D for sloppiness For example there a In this groundbreaking work that sets apart fact and legend authors Finkelstein and Silberman use significant archeological discoveries to provide historical information about biblical Israel and its neighbors In this iconoclastic and provocative work leading scholars Israel Finkelstein and Neil Asher Silberman draw on recent archaeological research to present a dramatically revised portrait of ancient Israel and its neighbors They argue that crucial evidence com The Bible Unearthed is a balanced thoughtful bold reconsideration of the historical period that produced the Hebrew Bible The headline news in this book is easy to pick out there is no evidence for the existence of Abraham or any of the Pat
