Sociology):

26 of 26 review helpful Ambitious and thoughtful By S Sherman Collins pulls together many of the themes of his earlier works to produce a general theory of social interaction Basically humans engage in interaction rituals to attain emotional energy Some of these interaction rituals are more successful than others Nearly all have some exclusionary features and some people are more central to the rituals than others Sex smoking and social stratification are three very different social phenomena And yet argues sociologist Randall Collins they and much else in our social lives are driven by a common force interaction rituals Interaction Ritual Chains is a major work of sociological theory that attempts to develop a radical microsociology It proposes that successful rituals create symbols of group membership and pump up individuals with emotional energy while fail Collins again demonstrates why he is considered one of the leading social theorists This work of Collins in particular transcends the boundaries of sociology This is an outstanding work for theoretically oriented professional and advanced stud
