By Dwight N. Hopkins : Being Human: Race, Culture, and Religion race the idea that the human species is divided into distinct groups on the basis of inherited physical and behavioral differences genetic studies in the late 20th is being jewish related to being part of a race or a religion is it cultural no matter what position you take in this matter

this is probably not the answer you're Being Human: Race, Culture, and Religion:

1 of 7 review helpful I could not finish it By D Washington This book was just too difficult for me to finish Being a college student studying sociology I was not able to follow the author The first few chapters were difficult to figure out exactly where he was going and what the purpose of the book was exactly I will certainly try again in a few years after I complete my studies hopefully it will make more Dwight Hopkins whose important work in Black Theology has mediated class theological concerns through the prism of African American culture here offers a fresh take on theological anthropology Rather than defined the human as one eternal or inviolable essence however Hopkins looks to the multiple and conflicting notions of the human in contemporary thought and particularly three key variables culture self and race Hopkins critical reframing of these concepts About the Author Dwight N Hopkins is Professor of Theology at the University of Chicago Divinity School He is the author of Down Up and Over Slave Religion and Black Theology Introducing Black Theology of Liberation and Shoes That Fit Our Feet
