By Georg Simmel : Simmel on Culture: Selected Writings (Published in association with Theory, Culture & Society)

Simmel on Culture: Selected Writings (Published in association with Theory, Culture & Society):

4 of 5 review helpful Simmel on Culture By F Papadopoulos This review might sound a bit strange to many readers as it comes from an unlikely field namely the study of management This book has been an eye opener for me Simmel s insightful thought expressed in beautifully poetic language has contributed directly to the development of organisational life cycle theories and especially that of I Adizes His wa The German sociologist and philosopher Georg Simmel 1858 1918 is recognized as a leading early twentieth century European social theorist This collection enables the reader to engage with the full range of Simmel prime s dazzling contributions to the study of culture It opens with Simmel prime s basic essays on defining culture its changes and its crisis These are followed by more specific explorations of the culture of face to face interactions spatial and urban About the Author Mike Featherstone is Professor of Communications and Sociology at Nottingham Trent University CONTRIBUTORS OUTSIDE NORTH AMERICA Zygmunt Bauman University of Leeds Henning Bech University of Copenhagen Elizabeth Beck Gernsheim Uni
