15 of 15 review helpful terrific introduction to new ideas in landscape anthropology By Balsamfir I stumbled across
this book in a small bookstore in Bluff Utah and as a landscape painter had to have it Few books have ever made
such an impact on my ideas Several of the essays are very compelling stories in their own right while others only one
really are difficult reading for a non philosophy student All were extreme The complex relationship of people to places
has come under increasing scholarly scrutiny in recent years as acute global conditions of exile displacement and
inflamed borders to say nothing of struggles by indigenous peoples and cultural minorities for ancestral homelands
land rights and retention of sacred places have brought the political question of place into sharp focus But to date little
attention has been paid to the ethnography of place to how people a what an anthropology of place space and
landscape needs to achieve demonstrates the continued power and vitality of detailed ethnographic research Eric
