prohibition causes to our youth and is seen by many World Wide Weed: Global Trends in Cannabis Cultivation and its Control:

For the majority of its history the cultivation of cannabis did not stand out at least compared to the cultivation of other illegal plants Cannabis plantations like coca bush or opium poppy plantations were typically large in size grown by local farmers in a handful of developing producing countries processed and then exported to industrial consuming nations While cocaine and heroin are still produced in a handful of developing countries cannabis cultivation World Wide Weed is a book for the specialist reader more academic in tone than Weed Need Greed and a valuable resource with a wealth of information and sources for the serious researcher However the book is still accessible enough for the more general r
