**By Paul Shepard : The Others: How Animals Made Us Human** the others also known as white walkers<sup>1</sup> cold gods and white shadows<sup>2</sup> are a species of humanoid beings that exist in the north beyond the wall as film director david cobhams book about the short life and death of a famous bird of prey highlights major issues in uk conservation The

Others: How Animals Made Us Human:

8 of 10 review helpful To understand animals is to understand yourself By R S Cobblestone Paul Shepard s book The Others how animals made us human is a thoughtful analysis of how animals played a role in determining who and what we are as human animals As in discussions of religion and politics you will not agree with everything Professor Shepard writes However you will agree that he has developed a credible case t Shepard shows how the human relationship with animals has altered over time as we have prospered they have vanished com Paul Shepard was an ecologist with a Yale Ph D who spent more than 40 years studying human evolution With The Others How Animals Made Us Human Shepard who died in 1996 wrote a masterful book about the relationship we ve always had with animals
