ancient monuments of the mississippi valley comprising the results of extensive original surveys and explorations
smithsonian classics of anthropology e g Ancient Monuments of the Mississippi Valley (Classics in Smithsonian
Anthropology):

3 of 3 review helpful Introduction unfortunate addition to interesting historic book By Texeye Reproduction of the original book with an added lengthy introduction that is critical of the creators I wonder if the gas bag that wrote the introduction has ever done anything as note worthy as Squire and Davis Since the intro is bound with the book it kind of detracts from the book If it had been bound separately you could h Originally published in 1848 as the first major work in the nascent discipline as well as the first publication of the newly established Smithsonian Institution Ancient Monuments of the Mississippi Valley remains today not only a key document in the history of American archaeology but also the primary source of information on hundreds of mounds and earthworks in the eastern United States most of which have now vanished Despite adhering to the popular assumption that t About the Author David J Meltzer is a professor of anthropology at Southern Methodist University the editor of The Archaeology of William Henry Holmes Smithsonian Institution Press 1992 and the author of The Search for the First Americans
