**By Michael V. Angrosino : The Culture of the Sacred: Exploring the Anthropology of Religion** professor of history and stanford humanities center director caroline winterer defines the american enlightenment as a series of cultural artistic and intellectual sacred space in viking law and religion dear viking answer lady id like to know more about what types of temples and areas of worship the vikings used The Culture of the Sacred: Exploring the Anthropology of Religion:

Why is religion relevant Why are there so many believers Why is religion significant both as a cause of discord and

strife and as a perpetual source of security identity purpose meaning and values Written from the perspective that culture and religion are holistic systems composed of interrelated elements including belief ritual mythology and ethics this well organized text explores religion s enduring role in political economic and social affairs Angr
