3 of 3 review helpful but it s good to get varying perspectives on those historical episodes By Adrian Auler Since I m interested in this sort of topic I ve actually read accounts of parts of this elsewhere but it s good to get varying perspectives on those historical episodes And of course more than half of the material was new to me and thus filled in a larger vision Also to those for whom all this is relatively ne An investigation into the discoveries of Lewis and Clark and other early explorers of America and the terrible acts committed to suppress them bull Provides archaeological proof of giants the fountain of youth and descriptions from Lewis rsquo s journals of a tribe of ldquo nearly white blue eyed rdquo Indians bull Uncovers evidence of explorers from Europe and Asia prior to Columbus and of ancient civilizations in North America and the Caribbe ldquo Authors Schrag and Haze teach a fascinating lesson in what we will never be taught but what every American should know rdquo Edward F Malkowski author of Sons of God Daughters of Men Before the Pharaohs The Spiritual Tec ldquo
