By Christoph Baumer : The History of Central Asia: The Age of the Steppe Warriors central asia is bounded on the north by the forests of siberia the northern half of central asia kazakhstan is the middle part of the eurAsian steppe the steppe belt of grassland that extends some 5000 miles 8000 kilometres from hungary in the west through ukraine and central asia to manchuria in the east The History of Central Asia: The Age of the Steppe Warriors:

0 of 0 review helpful Picture this By Michael Crawford Wonderful pictures text a bit light but effective in giving essential details without a lot of complexity not needed in such a coffee table book still with some academic value 2 of 2 review helpful A new good early history of the Asian steppes By D B Wolfe This is the first book in a new limited history of the The epic plains and arid deserts of Central Asia have witnessed some of the greatest migrations as well

as many of the most transformative developments in the history of civilization Christoph Baumer's ambitious four volume treatment of the region charts the 3000 year drama of Scythians and Sarmatians Soviets and transcontinental Silk Roads trade routes and the transmission of ideas across the steppes and the breathless and brutal conquests of Alexander the Great This in my judgment is a most impressive book Dr Baumer has a wide ranging knowledge of his subject an extensive on the ground acquaintance with Central Asia itself and an ability to convey that knowledge in a most interesting and comprehensible
