By **Eduardo Viveiros de Castro** : **Cannibal Metaphysics (Univocal)** Cannibal Metaphysics (Univocal):

9 of 10 review helpful The Human Nature Relationship Eat the Messenger By Robert Greenway The kind of book for which you need great patience focus and dedication written in dense French philosophical mode seems like the gems the book contains have bubbled up from the ocean depths through a dozen layers of translations I have long felt that one great tributary to an understanding of the human nature relationsh The iconoclastic Brazilian anthropologist and theoretician Eduardo Viveiros de Castro well known in his discipline for helping initiate its ldquo ontological turn rdquo offers a vision of anthropology as ldquo the practice of the permanent decolonization of thought rdquo After showing that Amazonian and other Amerindian groups inhabit a radically different conceptual universe than ours mdash in which nature and culture human and nonhuman subject and About the Author Eduardo Viveiros de Castro is a Brazilian anthropologist and professor at the National Museum of the Federal University of Rio de Janeiro Peter Skafish is Andrew W Mellon postdoctoral fellow in the Anthropology Department at McGill
